## COMPUTORQ 3 ELECTRONIC TORQUE WRENCHES

The COMPUTORQ 3 Electronic Torque Wrench is a simple to use digital readout wrench that displays real time torque values in any of four torque units, ft.lbs., in.lbs., Nm, kg.cm. Simply set the desired torque value and apply force until the green LED illuminates. Great for light industrial, automotive, motorcycle, watercraft and aircraft applications.

Product Code	Description	List Price:	Sale Price:
2401CI3	1/4" Drive 24-240 ft. lb.	\$712.98	\$305.55
2401CI3HA	1/4" Drive 24-240 ft. lb.	\$952.52	\$408.25
HIGH ACCURACY			
1002CF3	3/8" Drive 10-100 ft. lb.	\$769.72	\$329.90
1002CF3HA	3/8" Drive 10-100 ft. lb.	\$1,009.30	\$432.55

2503CF3	1/2" Drive 25-250 ft. lb.	\$900.42	\$385.90
2503CF3HA	1/2" Drive 25-250 ft. lb.	\$1,140.29	\$488.70
HIGH ACCURACY			

The certification of accuracy provided per ASME and ISO Standards is 20% to 100% of full scale.

## HIGH ACCURACY MODELS AVAILABLE

**\*HIGH ACCURACY**  
1% Clockwise direction only.  
It couldn't be easier to use!

### Features

- Sleek new design
- 15-degree flex ratcheting head
- Push button socket release head
- Large, easy to read digital display
- Long battery life, uses 2 each CR123 lithium batteries
- Ergonomically designed molded non-slip rubber grip
- Torques in both clockwise and counterclockwise directions
- Battery saving auto-shutoff after two minutes
- COMPUTORQ 3 remembers last unit and torque setting selected
- Audible tone sounds when set torque value is reached, if the set torque value is exceeded, an alarm tone will sound.
- 3 color LED light bar  
YELLOW LED indicates approaching desired torque setting  
GREEN LED indicates desired torque value is reached  
RED LED indicates fastener was over torqued, loosen and re-tighten.
- When desired torque value is reached, display will hold value and flash for ten seconds.
- COMPUTORQ 3 will operate in any of four torque units, foot pounds (ft. lbs.), inch pounds (in. lbs.), newton meter (Nm) or kilogram centimeter (kg. cm.).
- ACCURACY:  
±2% CW of readings from 20% to 100% of full scale  
±3% CCW of readings from 20% to 100% of full scale
- N.I.S.T. traceable certificate of calibration included

## TORQUE SCREWDRIVERS - MICRO-ADJUSTABLE

Adjustable models offer versatility for applications that require more than one torque value. These torque screwdrivers are particularly suited for the electronics industry and for instrument assembly work. A simple, cam-over design prevents over-tightening and possible damage to components. Torque settings are easily and accurately changed with a unique adjusting knob and easy-to-read window scale. Adjusting the screwdriver is simple. Just pull out the adjusting knob to unlock, turn to the desired setting, then push the knob in until it clicks!

Product Code	Torque Range	Increments	W x L (inches)	Weight (oz.)	List Price:	Sale Price:
61SM	20 - 100 in. ozs.	1 in. oz.	1.1 x 5.5	6.8	\$375.03	\$160.75
151SM	3 - 15 in. lbs.	.2 in. lbs.	1.1 x 6.25	8.0	\$384.17	\$164.65
401SM	5 - 40 in. lbs.	.5 in. lbs.	1.2 x 6.75	10.8	\$393.35	\$168.60
61NSM	10 - 80 cNm	1 cNm	1.1 x 5.5	6.8	\$358.91	\$153.80
151NSM	40 - 200 cNm	2 cNm	1.1 x 6.25	8.0	\$367.63	\$157.55
401NSM	50 - 450 cNm	5 cNm	1.2 x 6.75	10.8	\$393.35	\$168.60

Prevents premature wear of carbide inserts and damage to cutter head due to improper clamp load.

## TORKY - SINGLE SETTING WRENCHES

CDI's TORKY is a right angle pre-set torque wrench. Torky is designed for production torque applications that require higher values than a torque screwdriver can deliver. The comfortable design eases the strain of repeated uses. Torque value may be ordered factory pre-set at an additional charge or it may be easily set by the operator with any quality torque calibration system. When the proper torque value is reached, a momentary release or "break" can be felt. Available in three drive styles to fit most needs.

### TORKY - SINGLE SETTING WRENCHES

Product Code	Drive	Torque Range	W x L (inches)	Weight (oz.)	List Price:	Sale Price:
1501TP-1	1/4" Male Square	20-170 in.lbs.	1 x 5.25	8.3	\$273.63	\$117.25
1501TPA-1	1/4" Female Hex	20-170 in.lbs.	1 x 5.25	8.3	\$252.16	\$108.05
1502TP-1	3/8" Male Square	20-170 in.lbs.	1 x 5.25	8.3	\$282.78	\$121.20

### Features

- Factory Pre-Set models are set at the factory to the customer's specified torque setting and are furnished with a Certificate of Calibration
- Please specify desired torque setting when order is placed
- Three models available
- Simple, easy to use design
- Ruggedly built for years of reliable service
- Operates bi-directionally
- Accuracy: ± 6% of indicated value, CW, from 20% to 100% of full scale

## MICROMETER ADJUSTABLE NEWTON METER TORQUE WRENCHES - SINGLE SCALE

Metal Handle Single Scale. The metal handle series offers the user a rugged, industrial strength torque wrench able to withstand the rigors of professional use. Handles are lightly knurled for a tough, non-slip grip.

## DROP PREVENTION A Critical Challenge... SOLVED!

When professionals use tools while working at height, bad things can happen: tools can fall, damaging equipment, interrupting work, and injuring people.

In response to the dangers presented by dropped objects, Snap-on developed **Tools@Height**, a tethered tool system for applications involving work being performed at height, and anywhere dropped or lost objects are a concern.

WS-1172YSC	14 Pc. Hi-Vis YELLOW Combination Wrench Set, 12 pt. SAE, in Pouch	<del>\$653.64</del>	\$280.15

### Features

- SUPERCOMBO® open end has specially designed grooves that direct wrench force away from fastener corners.
- SUPERTORQUE® box opening design allows application of higher torque without rounding or deforming hex fastener points. No contact is made at the corners. Instead, wrenching forces are placed on the flat surfaces behind the points.
- Meets or exceeds aerospace specification AS 954 for 12 point fasteners (as defined by AS 870) to provide accurate torque/tension relationship for precision application.
- May be used on all common hex (6 point) fasteners with considerable advantage over conventional box end wrenches to increase both hand tool flexibility and economy.
- Box and open end openings are identical.

# YOU SHOULD NEVER HAVE TO ADAPT YOUR HANDS TO A TOOL. OUR ERGO™ TOOLS MEAN YOU DON'T HAVE TO.

A fusion of innovation, design & materials: Bahco's ERGO™ tools are designed around you. They belong in your hand and respond to the demands of every twist and turn. ERGO™ Tools protect the 42 different hand muscles required for a secure grip, prevent avoidable conditions and, most importantly, make demanding work easier.

# SNAP-ON INDUSTRIAL BRANDS: A TRADITION OF TRUST

Whatever your job, whatever your industry, whatever your challenge – Williams tools never flinch. Since 1882 Williams has met the harshest challenges of the most demanding industries. Williams was among the first manufacturers in the world to offer mass produced drop-forged tools, a 15° angle wrench, and heavy-duty slugging wrenches. A century and a quarter later we continue to offer unique and innovative products for those industries, whose demands are greater than ever.

**Williams Tools:**  
*our heritage,  
your future.*

Bahco, inventor of the original adjustable wrench, is the world leader in adjustable wrenches, ergonomics, and cutting tools. We pioneered the bi-metal saw blade, an extraordinary achievement that melds two different metals into one saw blade that incorporates the best characteristics of each. We also know that each tool has to fit the hand, and have applied the science of Ergonomics to hand tool design in a unique 11-step scientific process called ergo®. Bahco offers quality tools, saws and accessories that are synonymous with safe, comfortable, and productive performance.

**Bahco Tools:**  
*work smarter –  
faster – better.*

No one manufactures and sells more professional-grade torque products. We are the world's largest supplier of industrial quality torque tools, and a respected leader in precision torque, force and tension calibration systems. CDI is ISO 9001 certified and a pioneer in the development of digital torque measuring instruments. So whether it's torque wrenches and drivers or torque testing and calibration equipment, all meet the most exacting standards.

**CDI Torque Products:**  
*torque without compromise.*
